

February 9, 2004

Dear Family member:

Just recently in a small rural village surrounded by rice patties, in the northeast of Thailand, you **Serving Our World** family members sponsored a wonderful event that reached over one hundred families!

It is in these types of surroundings and villages, where 50% of the population lives below the poverty level, that we are making a difference. Look at what can happen when giving, caring people get involved in the lives of others.

Here you see children, widows, grandparents and families receiving blankets, sharing food and having a great time all together. This is the focus and drive of **Serving Our World**, to bring people and families together, which in turn will strengthen the family and community as well.

As you stroll through the photos and look at the joy you can know this is not just a once a year event, **Serving Our World** is doing this on a monthly basis in several different countries we have been talking about in recent letters.

Here in this village children got involved and were performing a dance, teenagers were acting out stories while everyone was having fun and needs were being met at the same time.

Yes, your giving is allowing **Serving Our World** to not just once a in awhile, but every month continue in the villages and cities showing them that people care and want to lift them up.

We have many great projects ready and moving forward along with the monthly activities as you see here.

With your help the child that has been abandoned or knows the loss of parents and family will receive precious care and hope for tomorrow. The widow or family that is in need will receive support and encouragement as we work together for a brighter future.

She's smiling as this is something new happening in her village, and you make it all possible!

Together touching lives,

Michael Thomforde

Nothing better than a special event where you're the one who's the main person, I'm sure by the smiles and reports they really felt your giving.

Our Thai team giving to all ages and 100 families received!

This is just the blanket's there was food and even a show. Yes you helped touched families in need and made a BIG difference.
