

Merry Christmas!

Dear Family Member,

As 2008 comes to an end, we want to remind you about all that you have done this year for others. Because of your support to **Serving Our World**, life has just begun for countless boys and girls, many of which are eating regular meals for the first time in their lives.

You have helped many children receive much needed schooling, clothing, medical checkups, meals, not to mention the opportunity to grow up in a beautiful home built from your donations. You have helped provide a future rather than life in a brothel with the accompanying terrible existence as a human slave. You have given children the joy of life as a child without fear of physical abuse or rejection.

At this critical time in East Timor, you and I stand together, pointing the people of this new country to a better way – a way made possible because we are there to provide an alternative. This past year you heard about how the youth of the country were brought together in such a positive way, through our Olympic event, a time when there was great hope and restoration of their communities.

What do all these positive changes mean for these people? **FAMILY!** You and **Serving Our World** have paved the way for so many to know the joys of belonging to a family who values your

worth and supports your growth. Our work has forever changed these lives for GOOD, providing for the foundation for a bright future.

We sincerely want to thank you as you prepare to give your YEAR END donation; please know that you are the important link to the future of children and struggling families in these poor areas of the world. Together, it is so important that we continue rescuing those at risk and help them to build a wonderful tomorrow!

Have a Blessed Christmas and a Happy New Year!
