

January 2010

Dear Family Member,

This month we continue to move forward with our building project in our distant remote mountain village of East Timor. In this first phase we plan to begin building classrooms for our children. And as you can imagine, there is an urgent need for education programs and that means providing suitable facilities.

Picture your child going to school, sitting on a dirt floor and having little or no proper food available to them on a daily basis. We all know early childhood is such a crucial time in a child's life, a time when healthy foods are so essential to promoting healthy growth without disease and sickness.

Therefore, it is our desire is to greatly improve the primitive facilities the children are currently in and provide proper well-equipped classrooms. With your support, we will begin to build not only a functional school building but also a life for these students who are anxious to learn and are so dependent on the kindness and generosity of people like you.

As you make plans for the New Year, remember those that are poor and suffering. Consider sharing a part of your resources so that families and young girls and boys can have a future, a future that includes love and support from **Serving Our World**. Share your passion for those who lack the basic essentials of life, those in need who are hurting.

Your support will be more fulfilling and life changing than you can imagine. In a distant mountain village on the other side of the world, the people begin each day desiring simple things like clean water, food, clothing and shelter. With your support, we can make a world of difference as we provide for them daily, life-sustaining basics we take for granted every day!

Touching Lives, Building Futures

We also want to thank you for all your past support as many children received new hope and were encouraged through our Christmas outreach. Because of you, we were able to distribute food and supplies, as well as a few toys to many beautiful, excited children. It was a blessing to share a message of hope and love, possible only through your generous giving.

They will be forever grateful and you will never receive a better return for the money you give to support them! Thank You!

Together reaching those in need,

Michael Thomforde
Founder/President
